

# **CP&R Concrete Protection & Restoration** saving the life of concrete®

## **Joseph W. Donnelly**

### ***Senior Project Manager***

Joseph W. Donnelly has a B.S. of Architectural Engineering from the Pennsylvania State University and he has passed the Professional Engineer exam. Joseph also holds a Master Certificate in Concrete Repair from the World of Concrete and he is an ACI Field Testing Technician Grade 1.

Joseph started his tenure with Concrete Protection & Restoration, (CP&R) in 2004 as the Project Manager where three of his projects have received the 2007 ICRI National Award of Excellence, the 2008 ICRI BWI Chapter Outstanding Repair Project, and the 2010 ICRI National Outstanding Repair Project of the Year. As the project manager, his responsibilities include, but are not limited to: permit applications, product submittals, cost analysis and projections, estimating change orders, creating and monitoring schedules and monthly invoicing, obtaining warranties, and submitting close out packages. He also represents the company at progress meetings with the Owner and Engineer, writes and executes contracts with subcontractors, and works as a team member with engineers and field managers to resolve issues created by unforeseen conditions.

Prior starting with CP&R 11 years ago, Joseph gained over 17 years of experience as a Design Engineer and Project Engineer on residential and commercial construction and renovation, including steel, concrete and wood framing, cast in place concrete structures, and precast prestressed concrete. His responsibilities included wind analysis and column design of commercial buildings and residential projects, review of shop drawings and field inspections, building frame analysis and component design, supervision of shop drawing preparation, and field personnel and field inspections.

Joseph is a member of the International Concrete Repair Institute and the ACI Maryland Chapter.
