

Melissa Mitchell

Assistant Project Manager

Melissa Mitchell is a Project Engineer at Concrete Protection & Restoration, Inc (CP&R). She graduated from the University of Maryland, Baltimore County with a degree in Mechanical Engineering specializing in properties and structures of materials. She also covered machine design, fluid mechanics and electrical engineering in her studies.

Melissa has worked in business management and the public relation industry for over seven years. Here at CP&R, Melissa assists with the planning, scheduling and oversight of multiple jobs and contracts while providing positive customer relations. Melissa is also responsible to effectively manage and supervise the field personnel assigned to various projects, ensuring high level of productivity, efficiency, quality workmanship and adherence to Corporate Safety Standards. With her experience and expertise, she ensures that projects are completed according to its plans, meeting or exceeding all project requirements. Melissa is also an active member at the Baltimore-Washington Chapter of the International Concrete Repair Institute (ICRI).
