

# **CP&R** Concrete Protection & Restoration saving the life of concrete®

## **Patrick J. O'Malley**

### ***Senior Project Manager***

Patrick J. O'Malley is a Senior Project Manager at Concrete Protection & Restoration (CP&R). Graduating from the University of Maryland, College Park, he earned his B. S. degree in Mechanical Engineering in 1985. Upon receiving his degree, Patrick was a Project Engineer for the United Parcel Service where he was responsible for a wide range of facility related projects that he managed from conception to construction. His assignments included designing and coordinating material handling projects, upgrades to the parcel sorting equipment, new equipment installations, underground storage tank upgrades, paving repairs, roof replacements as well as numerous other facility alterations and additions. Patrick then joined VSE and later Resource Consultants, Inc., performing project development and operational analysis for material handling projects at bulk mail centers located throughout the US.

In September of 2002, Patrick joined the CP&R team. Duties include interacting with Engineers, Owners, Property Managers, Manufacturer's Representatives, Material Suppliers as well as the CP&R team in order to provide value-added repair solutions for our customers. Patrick has completed numerous projects of various sizes, including plaza deck repairs, full slab replacements, hydro-demolition jobs, expansion joints, waterproofing, high rise repairs, balcony repairs and steel beam repairs.

Patrick has been an active member of the International Concrete Repair Institute (ICRI) BW Chapter, servicing on the Board and holding the positions of Secretary, Vice-President, and in 2012 of President. Patrick is married to Susan and they have three grown children, Patrick, Caitlin and Maureen.
