

Roger Noldon

Division Manager

Bringing over 30 years of experience in the Building Envelope Industry, Roger Noldon joined Concrete Protection & Restoration, (CP&R) in 2014 as the Building Envelope Division Manager. His project responsibilities are as follows:

As a Project Manager: Planning and executing construction project operations, client and labor relations, estimating, negotiating contracts and agreements, claim preparation and dispute resolution, CPM planning and scheduling, resource allocation, cost control, cost projections, quality control and review of lump sum/unit price projects.

As Business Development: Develop and implement strategies to procure projects, prepare proposals and bids, prepare cost estimates, prepare construction evaluations and schedules and negotiate contracts and agreements.

As a Consultant: Estimating, CPM schedule development and analysis, cost analysis, project management, evaluation of construction methods, evaluation of work scope and budget, field investigations and other construction related matters.

Roger has received an extensive number of training and certifications in areas such as waterproofing, brick inspection and quality control, post-tension, expansion joints in brick work, and historical restoration. He has managed projects ranging anywhere from one thousand to 25 million and he has been providing legal expert witness representation as it relates to cost estimates and forensic and construction defects to commercial and residential clients since 2000.

Roger is a member of the International Concrete Repair Institute, Sealant Waterproofing and Restoration Institute, the Scaffold Industry Association, and the National Trust of Historic Preservation.
